Two PlayMATES comment:

(from Lee Newspapers, 5-2-72)

"We're not a policy or action agency or such," explained Del Siewert, executive secretary, Montana State Chamber of Commerce.

"It's a co-ordinating group — you might call it a semi-professional group of trade executives," Siewert said. "During (legislative) sessions we let each other know what we're doing and why we're doing it. We help each other if we can. It's a way of washing our dirty linen in private."

"There are no by-laws, no officers," added S. Keith Anderson, executive secretary, Montana Taxpayers Association. "Sometimes we even DENY we have an organization."
